

Virtual Backgrounds for Educators

Teachers, are you sick of using the same old virtual background? Check out these new virtual backgrounds available from My NASA Data! Whether you are looking for more privacy in your virtual classes, or wanting to show your personality to your students, you will not want to miss these fun backgrounds!

My NASA Data features several designs to choose from.

[Design 1: My NASA Data Earth](#)

Nothing says "I love Earth" like this beautiful background!

[Design 2: My NASA Data & the Earth System](#)

This background features the Earth as a System of systems and is perfect for the Earth Science educator.

[Design 3: My NASA Data & Earth Day](#)

Are you looking to celebrate Earth Day in your virtual classroom! Look no further.

[Design 4: Landsat Mosaic](#)

This stunning background needs no description and is perfect for inspiring your students to explore the Earth from space.

[Design 5: Teacher Appreciation - White](#)

My NASA Data loves teachers today and everyday. Show your teacher pride with this white background.

teach

[Design 6: Teacher Appreciation - Black](#)

This is the same as the previous design, just in black.
